

Update: CMSNA Recognition Certificate Programs
Amended 8/30/11

After much discussion and deliberation, the CMSNA Clan Council has voted to end the Eagle Scout Recognition Certificate Program as of 1 October 2005. In its two-year run, 400 certificates were requested by CMSNA members (kinsmen and Wood Badge), prepared and sent out for presentation. The Clan Council would like to thank all of the CMSNA members who requested and presented these Certificates to Eagle Scouts, both new and “old.”

The Clan MacLaren Society will offer Certificates for Wood Badgers along the same basic lines as the Eagle Certificate Program. The purpose of this program is to recognize the achievement of Scouters who take and complete Wood Badge Courses in their areas. As before, requests for these Certificates must be made by CMSNA members (kinsman and Wood Badge) and the requester is responsible for presenting the requested Certificate(s). Needed information is the name and mailing address of the requester, the full name of the recipient Wood Badger, the name of the Scout Council where the recipient Wood Badger was registered at the time he or she took their Wood Badge Course, the Wood Badge Course number, the name of the Wood Badge patrol (if known) and the date of the presentation of the Wood Badge Beads for the new Wood Badger or the year that Beads were presented for the “old” Wood Badger. When a recipient is a lady Wood Badger, please identify her as such because the certificates are designed to be edited to be grammatically gender-correct as needed. The Certificate will be sent to the requester in a presentation cover and will be signed by the Chief of Clan MacLaren, the current Society president and the requester.

Please remember to allow as much lead-time as possible for the requested certificate(s) to be prepared and sent out. Certificates will be sent by First Class U.S. Mail whenever possible. If a very short turn around is needed, please help to defray the added postal cost. Please include contact information (phone number and/or email address) in case there are questions or clarifications needed in order to produce the requested Certificate(s).

To request CMSNA Wood Badge Recognition Certificates, please send the required information to:

Mr. Ted Severe
Wood Badge Co-Ordinator
3218 McElderry Street
Baltimore MD 21205-2819

Requests can also be made by email at the following email address:
severefamily@verizon.net.

Thanks again to all of the CMSNA members who supported the Eagle Scout Recognition Certificate Program.
